

# Cut Your Phone Bill & Sell Unwanted Goods

Discover how simple it is to save money on your local and international telephone calls using your computer and the Internet.

## **"Phone A Friend" courses** 15 March / 26 April 2007

In just three hours we will demonstrate clearly how you can use the Internet to make free or low cost phone calls.

We will take you, step-by-step, through the process of installing the Internet phone software, and then give you a practical demonstration of how to make your first Internet phone call.

Then, we will show you how easy it is to add a low cost camera to your computer, so that you can make video calls; and finally, we will show you how you can conference call with a number of people in different places, allowing families and friends to chat.

**Find out why 212 million people buy and sell through the world's largest auction, eBay.**

## **"Fun with eBay Auctions" course – 5 April 2007**

Don't miss this opportunity to learn how to sell even the smallest item, find unusual objects and search out great bargains online.

With two million visitors and 600,000 new items listed every day, eBay is an incredibly exciting market place.

Many people buy and sell just for fun, whereas others create a business through eBay.

So why not clear your attic and join the "online car boot sale" brigade? Once you've used eBay you'll be hooked.
